

****Cerastium glomeratum***

Commonly: Sticky Mouse Eared Chickweed

Vascular Plant Family: Caryophyllaceae

Flowers winter to early summer

**Cerastium glomeratum* is a sticky, annual herb to 40cm tall. It is native to Europe. The leaves are opposite without stalks. They are up to 2.5cm long and 1cm wide.

The sepals are free up to 5mm long with sticky hairs. The petals are white up to 5mm long, rounded and shortly to deeply 2-lobed. There are 10 stamens and 5 styles.

The flowers are greenish white, in clusters with the flower stalks shorter than the sepals.

***Indicates it is a weed**
